

Hi, I'm **Banda Tagore**
I am a UI / UX Developer.

A passionate Frontend Developer with 3+ years of experience in crafting responsive, dynamic web applications using Angular. I specialize in building intuitive user interfaces that deliver seamless user experiences.

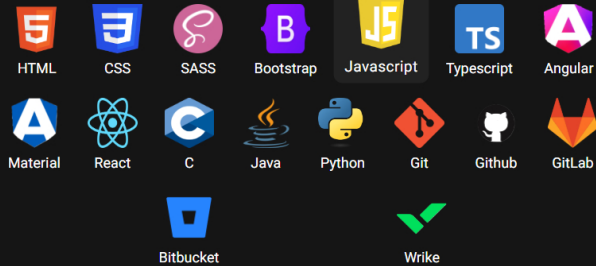

[Resume](#) [Contact](#)

About Me

Frontend Engineer with hands-on experience in building responsive, user-friendly web applications using Angular and modern frontend technologies. Skilled in developing reusable UI components, designing component layouts with HTML, CSS, and frameworks like Bootstrap and Tailwind CSS. Proficient in collaborating with cross-functional teams, working with Git version control, following Agile methodologies, and continuously enhancing UI/UX design and web performance skills.
